Notes	
1	Data represents records pertaining to debtor category only as "Corporate" i.e. where legal constitution of debtor is a Corporate or LLP registered with MCA and/or where debtor name indicates the entity pertains to Corporate category
2	Data includes all types of debts i.e Financial debts and Operational debts
3	State wise distribution of the debt records is derived from the state information as part of ROC Code provided in CORPORATE Identification Number (CIN) of the coporate debtors. The CIN is obtained by matching debtor name with the MCA Company master available in public domain.
4	Top 5 states are shown separately, remaining have been included under "Other States"
5	'Uncategorised' segment indicates debt records either pertain to LLP category (LLP entities are considered under the CORPORATE debtor category) or where CIN is not available
