DIGITALLY STORE AND MANAGE e-BGs IN YOUR ERP

TAKE ACTIONS LIKE RENEWAL, CANCELLATION and INVOCATION from your ERP

NeSL Enterprise Access Solution (NEAS) FOR e-BG

Enhanced e-BG Management for Enterprise

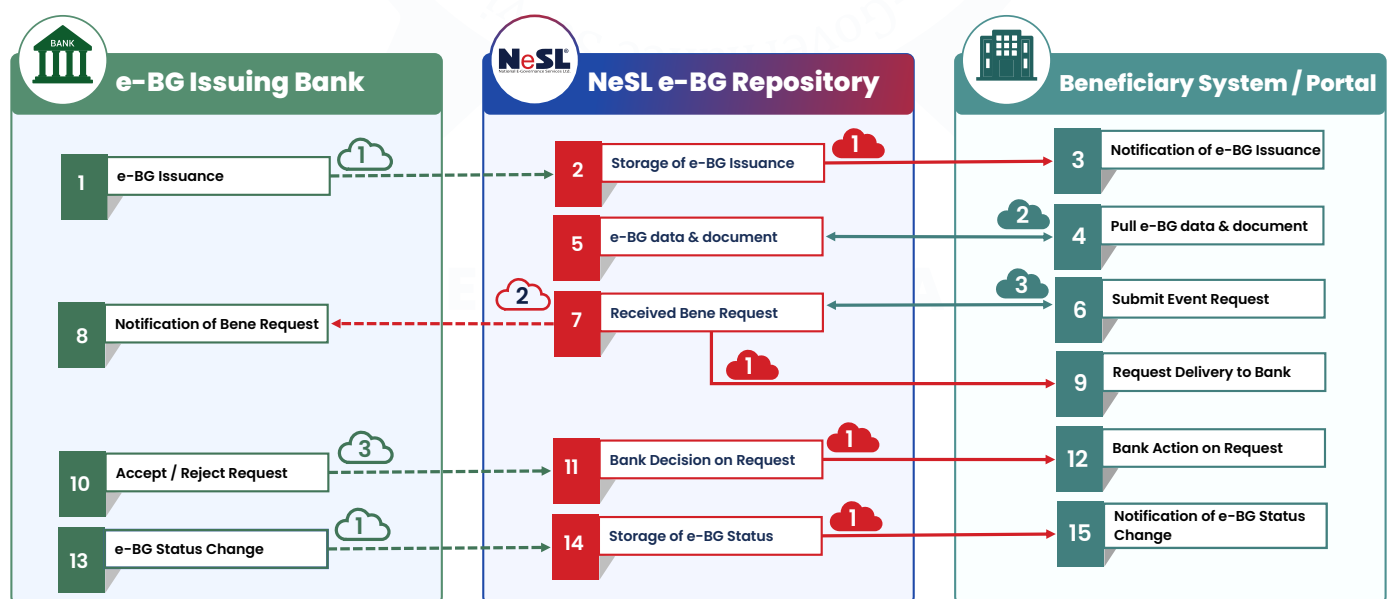

Benefits

- ▶ Facilitates flow of e-BG information directly into organisation's internal systems (ERP etc)
- ▶ Beneficiary can access e-BG through it's own internal ERP system, without going through NeSL portal
- ▶ Receive real-time e-BG notifications
- ▶ Authenticated e-BG repository (as applicant and as beneficiary)
- ▶ Displays only to authorised personnel as per beneficiary's internal policies
- ▶ Supports e-BG invocation, amendment confirmation and closure functions
- ▶ Secure API channel
- ▶ Instant retrieval and digital storage of bank guarantees

Key Features

How NEAS Integration Works?

Issuing Bank <-> NeSL integration

- 1** NeSL e-BG DDE API v5.1
- 2** e-BG Notification to Bank API
- 3** e-BG Event Request Accept Reject API

NEAS - NeSL <-> Beneficiary integration

- 1** e-BG Notification to Party API
- 2** e-BG Document Pull API
- 3** e-BG Beneficiary Event Request API

How e-BG Works

It is completely digital

Paperless e-stamping for bank guarantee articles from various State Governments

NeSL as the Central Repository for e-BG

- All e-BGs available on the NeSL platform with their current status like issuance, amendment etc.
- Digital storage by the respective issuing banks.

Ease of transmission and access by all concerned parties

- All parties, i.e., beneficiary, applicant (customer) and the bank have ability to access NeSL platform directly for searching, viewing and downloading e-BG, anytime.
- NeSL sends direct notification to beneficiary and other parties on issuance or change in status (Renewal, Extension, Expiry) for each e-BG.
- Allows beneficiaries, as verified users of NeSL, to issue discharge letter/confirmation or invocation advice through NeSL platform.

Customer Testimonial

Indian Oil Corporation Limited

" Indian Oil Corporation Limited has integrated with NeSL Enterprise Access Solution (NEAS) for managing Electronic Bank Guarantee (e-BG) as a part of the company's digital initiatives. Since the platform is integrated with Indian Oil internal system through API, all e-BG's are accessible across departments and this helps in managing complete e-BG lifecycle.

NeSL platform for managing e-BG's provides greater transparency and facilitates flow of authentic e-BG information directly into our internal systems. Instant retrieval and digital storage of bank guarantees has helped save time and reduce cost. The platform also facilitates useful real-time e-BG notifications.

As an integrated solution NEAS helps with ease of doing business and reduces the risks associated with physical Bank Guarantees. "

Oil and Natural Gas Corporation

" The implementation of eBG has brought significant advantages, streamlining the entire process of issuing, managing, and verifying bank guarantees in ONGC. The real-time notifications on issuance and subsequent status changes have ensured transparency and efficient communication. The electronic format has facilitated easy verification, access, search, and tracking of history, eliminating the challenges associated with physical documents. Furthermore, stakeholders' ability to initiate invocation requests or discharge letters electronically has significantly enhanced convenience. In recognition of your exceptional dedication and invaluable support, ONGC extends its sincere appreciation and looks forward to further collaboration and accomplishments under your esteemed leadership. "
