

Circular No.: NeSL/DDE/2026/0242

Date: 12<sup>th</sup> October 2026

### 1. Revision to e-Stamp OVD Parameter (For West Bengal)

### 2. Updated API documents published on NeSL website

#### Kind Attention: Banks, Beneficiaries and API Integrators

We would like to inform you of the following updates to NeSL APIs and related specifications.

#### 1. Revision to e-Stamp OVD Parameters (For West Bengal)

As per the revised requirements applicable to West Bengal e-Stamp transactions, changes have been introduced to the e-Stamp OVD validation parameters. This revision is specific to the State of West Bengal and has been incorporated into the relevant NeSL APIs.

The minimum character length requirement for the following parameters has been revised from 4 characters to 5 characters.

- **firstPartyOVDValue**
- **secondPartyOVDValue**

The revised specification has been incorporated into the APIs listed below.

| Sr.No.                         | API Documents Modified             | Section & Parameter                                                                           | Change Description                                                                                                              | Previous Version | Current Version |
